EXPERIENCE

Graphic Design At victory link 2021 till now

- I started in the Graphic designing field by the end of took a course to learn more and so far I have ,2020 been taking courses to be the best in that field. My way of working is to know what is required, visualising and creating graphics including illustrations, logos, layouts and photos. I'm shaping the visual aspects of websites, books, magazines, product packaging, exhibitions, social media and more .

Quality specialist At victory link 2019 - 2021

- I review content for the SMS service.
- I worked review on monitoring and adjusting the digital presentation.
- Reports and testing.
- I review, editing and writing the caption content on videos and audio.

Freelance photography

Being a freelance photographer is like being in a one-person company; you are the boss, the marketer, and the photographer. As a freelance photographer:

- I would take up client projects
 - work on multiple projects at the same time
 - fulfill clients' photography requirements
- I have worked on so many different projects (weddings parties, conferences, Products marketing, etc..)
